

LA Zoo – Photographic Adventure

Photographic Adventurers.com

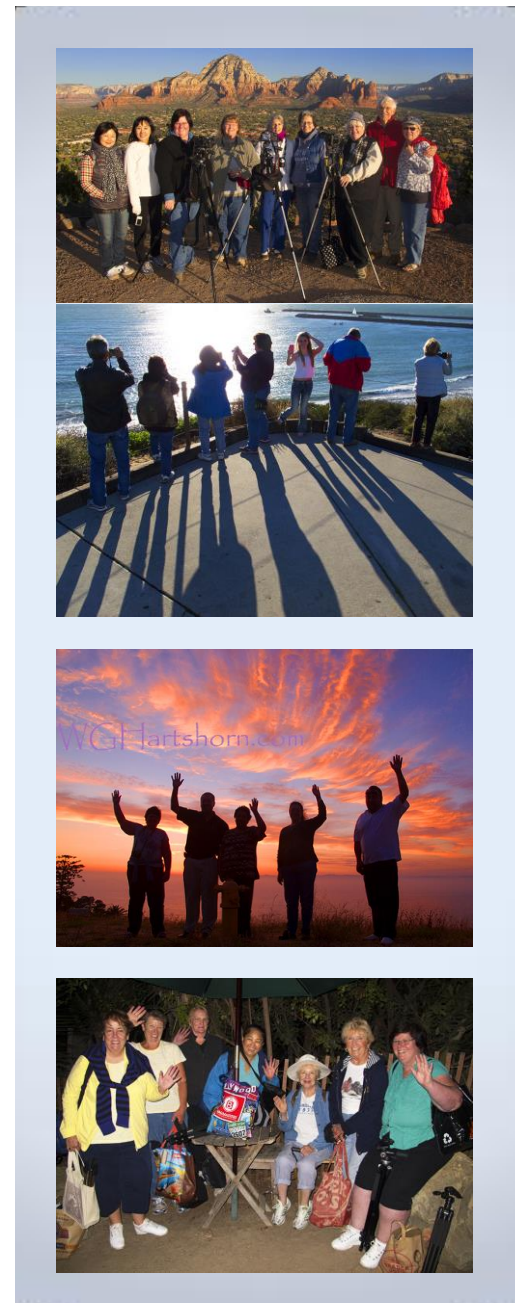

March 22, 2015

When did you last go to the Zoo. The LA Zoo is full of great photographic adventures. Come join us for an afternoon of capturing the sites and sounds of the Zoo. Photographs or videos – capture the characters at the Zoo.

Join us to learn the tricks to ensure you get images you are proud of and are keepers. This is a great opportunity to apply the G12 tips and trick you learned at the G12 adventure – or to try out the bigger lense on your full size DSLR.

The “Master of the Picture Perfect Postcard” will give us special tips, talk about composition, exposure and lighting, answer our questions and provide an enjoyable adventure for everyone attending. Make the pictures you take “keepers” without laboring away on the computer! Go to www.wghartshorn.com to see William’s biography, gallery and other upcoming workshops www.PhotographicAdventurers.com. This is sure to be a fun filled and unique Adventure.

A Photographic Adventure with William is a fun time you will remember along with the great shots you will capture. Hope you are Adventurous!
