

# Tucson and Tombstone

Photographic Adventurers.com

Jul 27-30, 2015

R U Adventurous??? Come explore Tucson and Tombstone . Sound interesting? If so, join a fun group for a Photographic Adventure. We will meet up in Tucson Arizona. Then we will head out and explore many of the wonders of the desert in the southwest. August is traditionally thunderstorm season in this region. We will spend the middle of the day enjoying the hotel we stay at, and do most of our exploring and image captures during the afternoon and evening hours (maybe at sunrise weather permitting – you know that mother nature). If we have clear sky's – we will shoot the desert by moonlight and if we have thunder clouds we will go for that lightening shot. And either way we will capture the saguaro cactus with the golden desert sunset.

The "Master of the Picture Perfect Postcard" will give us special tips, talk about composition, exposure and lighting, answer our questions and provide an enjoyable adventure for everyone attending. Make the pictures you take "keepers" without laboring away on the computer! Go to [www.wghartshorn.com](http://www.wghartshorn.com) to see William's biography, gallery and other upcoming workshops [www.PhotographicAdventurers.com](http://www.PhotographicAdventurers.com). This is sure to be a fun filled and unique Adventure.
