The Sierra's in Spring, during the full moon, will provide many varied opportunities to **capture great images by moonlight & starlight**. Early morning, late afternoon, sunset and moonlight are all great light for great images. And don't forget the **waterfalls** by moonlight, starlight and potentially capturing moonbows.

William has **30 plus years of experience** in the Sierra's and Yosemite Valley getting to the best spots at the best times to capture the best shots. From waterfalls, dogwoods, rainbows and all the classic Yosemite views - William knows all the spots to get the best light.
